

# Twilight Wish Foundation honors local seniors

Twilight Wish Foundation will honor local senior citizens at a group celebration dinner 6 to 8 p.m. Monday, April 5 at the Dublin Star Diner in Dublin where Congressman Jim Greenwood will address the group.

Founder and executive director of Twilight Wish Foundation, Cass Forkin Tommassello, got the idea for

an organization to honor senior citizens with an "unexpected thank you" at the Dublin Star Diner in March of 2002.

Watching three elderly women count out quarters and dollars to pay for an inexpensive meal, she quietly gave the waitress a twenty-dollar bill to pay for their meal.

"The group celebration dinner at the Dublin Star Diner will be particularly special because

it is the place where the idea was born. It is another way of saying thank you to our senior citizens with tons of old fashioned fun, food, cake, prizes, and singing provided by The Joyful Noise Singers – all designed to bring lots of laughter, smiles and joy," Tommassello said.
